Homelessness Prevention - Other Risk Factors to be Used

For Homelessness Prevention activities, in addition to HPRP eligibility requirements, are there other risk factors that will be used to determine eligibility and/or prioritization for homelessness prevention assistance? Yes

If yes, identify the criteria to be used and provide a brief description, including how the criteria will be used (e.g. limited to only certain types of HPRP assistance or applied across all subgrantees and types of assistance) and rationale for why the criteria were chosen (limit 2500 characters).

Located within the heart of city limits there exist a concentration of homeless encampments, shelters and social services to assist individuals, families and women fleeing domestic violence situations. The city of Las Vegas has made a concerted effort to assist these hard-to-serve population groups in securing housing and related supportive services, however, limited funding/staffing have forced the city of Las Vegas to concentrate its efforts by assisting populations that are located within city limits. Thus, we have added the priority of service requirement that potential clients must have originated from within city limits and coupled this requirement with the established HPRP guidelines. These clients will be entitled to receive all of the benefits outlined in the Act. We also work closely with other jurisdictions within our region who have received HPRP funds as a "No Wrong Door" partner to assist clients no matter where they originate from and will manage through our regional HMIS. As a "No Wrong Door" partner, we will have the ability to refer clients who do not meet our additional eligibility criteria to those providers through our Continuum of Care and HMIS systems.

HMIS Plan for Entering Data

Will beneficiary data be entered (or uploaded at least quarterly) into a single HMIS at the grantee level in order to generate unduplicated data for "Persons and Households Served" questions in the QPR? Yes

If yes, briefly describe the HMIS to be used and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

The city of Las Vegas will use the HMIS utilized by our local CoC which serves Southern Nevada. The HMIS Administrator is developing reporting functionality to identify missing data elements and program utilization for HPRP funded programs. The reports will be run on a weekly basis by administrative staff to ensure data completeness and accurate reflection of participation.

If no, briefly describe the HMIS(s) and/or other comparable client-level database(s)that will be used by one or more subgrantees and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

Authorizing Information and Certification

The Name of the Authorized Grantee Official should be the same as submitted in the HPRP Substantial Amendment, unless there has been a change.

Name of Authorized Grantee Official Stephen K. Harsin
Title/Position Neighborhood Services Director

I hereby certify that all the information stated herein is true and accurate. I understand that HUD will prosecute false claims and statements and that conviction may result in criminal and/or civil penalties (pursuant to 18 USC 1001, 1010, 1012; 31 USC 3729, 3802).
